GEOKLEEN™ THE NATURAL SOLUTION

Geokleen's mission is to provide environmentally friendly solutions to everyday problems.

Geokleen's **Natural Solution™ Microbial** technology provides special benefits to those who utilize it. Microbes combined with non-hazardous surfactants and enzyme formulations continue to work long after the actual cleaning has been completed.

Urinal Block Plus™ a biological urinal block that is designed to deliver immediate and effective odor control in urinals. Urinal Block Plus™ inoculates the drain line system with naturally occurring microorganisms. The microorganisms degrade the organics that cause odors and back-ups, making for a cleaner, fresher smelling restroom experience. Urinal Block Plus™ lasts longer vs. traditional para blocks. Estimated 1,500 flushes vs. 1,000 flushes for Para blocks.

Rim Stick Plus™ a biological rim stick that is designed to deliver immediate and effective odor control in toilet bowls. Rim Stick Plus™ inoculates the drain lines system with beneficial, naturally occurring microorganisms. Rim Stick Plus™ lasts longer vs. traditional para blocks. Estimated 1,500 flushes vs. 1,000 flushes for para blocks and turns the water blue with every flush.

Floor Plus™ The next generation in floor care products is designed for institutional and commercial kitchens, bathrooms, and locker room facilities. This environmentally friendly floor care product was engineered to breakdown the harder to degrade fatty acid components of grease in addition to controlling odors caused by various organics. Floor Plus™ will significantly clean floor grout and other porous surfaces, while simultaneously reducing slippage due to grease build up on floors. Floor Plus™ breaks down urine on bathroom floors and significantly reduces irritating odors. In addition, Floor Plus™ can also be used in other normal floor applications.

Odor Free™ is an odor controller, carpet and upholstery cleaner and stain remover. Odor Free™ is a ready to use formulation specifically designed to eliminate objectionable odors in institutional and commercial settings. Odor Free™ is a technologically advanced odor controller that combines fast action chemistry with the long-term benefits of microbes. Odor Free™ actually captures and destroys the odors instead of simply covering them up.

GK Oil & Grease™ is a quick-acting hard surface cleaner and biostimulant intended for cleaning industrial flooring, heavy equipment, and outside organic stains on concrete. The oil eating microbes in GK Oil & Grease™ devour petroleum in its emulsified state, thereby reducing the petroleum (oil) accumulation in the oily water separation tank. In addition, this product can be utilized to clean organic stains around outside eating areas, city streets, garbage collection areas and clean up after outdoor community festivals.

Free Flow – Drain/Septic/Grease Trap™ represents the next step in technology for the biological treatment of drain lines, grease traps, and septic tanks. Free Flow™ will reduce trapped grease, maintain free flowing drain lines, reduce odors in grease traps and drain lines, and accelerate the degradation of organic waste. Free Flow™ does not transfer grease downstream.
